O. P. &. G. E. ELLINGWOOD,

MANUFACTURERS,

WEST PARIS, ME., U.S.A.,

1888.

TO THE FURNITURE TRADE.

In handing you our new catalogue for 1888, we would call especial attention to our chair, No. 25, which we are upholstering in both velvet and tapestry. The frames are made from selected stock: maple, beech and birch. The fact that we are selling this chair to nearly all the dealers throughout the state, as well as several leading houses in New Hampshire and Massachusetts is a sufficient guarantee of its merits. Our Shaker chairs are too well known throughout the New England states to need any comment as to their finish or durability.

Terms sixty days net, subject to sight draft upon maturity unless special terms are made. Thanking you for past patronage, we cordially invite an inspection of our goods by those who have used other makes in the past and a continuation of the patronage of all old customers.

Respectfully,

O. P. & G. E. ELLINGWOOD.
